

CREATIVE CREATURES - VISUAL ART AND CRAFT WORKSHOPS

Friday's (During School Term) 3:15pm - 4:30pm Location: Birkdale Intermediate Art Room 'Te Whare Toi'

Our class sessions combine a range visual art skills through use of mixed media art materials to create their own high quality Art Collection. In addition to our skills based art creations we are very lucky to offer a range different crafts (dream catchers, candles etc), these vary term by term depending on student interest and availability. Together we learn to expand our growth mindset and develop our creativity.

We have a limited number of spaces per session to ensure each student gets support for their learning and development. All materials are provided, however we encourage student's to bring in any of their own personal art materials or art works they are currently working on. We often have students who work on one main creative piece per term (instead of several smaller artworks/crafts).

Our founder - Lyndi Barrett (Miss B) has 8 years Art Teaching experience with children aged 5-14, her philosophy of teaching is to scaffold students to become confident in their own artistic abilities through exploring their own art ideas/concepts to create artwork in their personal style. Miss B is currently on Maternity leave Terms 1 & 2, and will be in to visit with our newest little Creative Creature, her newborn Octavia.

2021 is set to be our best year yet! We are very lucky this year to have Miss Mitchell on board to foster creativity for another year and welcome our new artist teacher Emma!
