Notice for children of essential workers only: Term 4 2021

Kia Ora whānau,

Once again we would like to let you know that our school will be open for supervision of **the children of essential workers who have no other childcare arrangements.** Please contact Mrs Bush by Thursday so this can be arranged.
kbush@bis.school.nz

With the new Ministry of Health guidelines we will have a number of changes. As you have seen in the media all staff on site will require a negative covid test. We will also be collecting the vaccination status of all students at school.

We ask that your child brings their pencil case, drink bottle and lunch. They will need to be in school uniform. Drop off time is at 9.00am - 3.00pm. Students must be dropped off and picked up from the outside gate.

We ask that your child follows social distancing rules and wears their mask when they meet their teacher at the gate. There will be sanitising stations at the gate and in classrooms. Your child will have access to a chrome book that will remain their own for the time we are in L3.

We are open from Monday 18th for those registered essential workers children only. The gate will open at 9.00am.

Kind regards

Katrina Bush
Deputy Principal
